Subject: RE: Emergency Measures Act **Time change & Document addition**

Good afternoon Jeff,

The meeting consisted mostly of A/Commr Daley's update of the Emergency Act. I've copied the notes I took below. I hope they are somewhat helpful.

1. **Opening Remarks** – C/Supt Sorab Rupa

Welcomed everyone to call. Went through the attachments that are available.
Reviewed the Emergency Act (read off the placemat).

2. **GSB Structure at National Division** – A/Commr Keith Finn

There is keen interest and a requirement for all police, in particular the RCMP, to signal on a daily basis any elements of the EA that we're utilizing.

We may have to create a blanket Article 9 to alleviate any issues to release members to National.

Dennis – we had a federal, provincial and territorial call yesterday. They are aware and in the urgency. We didn't talk about article 9 or pulling resources, but if required, it can be put into place.

3. **Emergencies Act** – A/Commr Dennis Daley & Loretta Colton

A/Commr Daley updated on the EA and what is available to law enforcement. Reviewed sections that could be exercised

CrOps, you will be getting instructions from Corporate, where you'll get a delegation from the Commissioner, then we have a form to compel what is required (ie tow truck)

Christine – we'll provide a letter in order to compel the vendor to abide. Whoever holds the delegation from the commissioner – sec 32 and 34 will still apply. You won't have to go your procurement team to get contracts in place. The package will be coming out from the CFO.

4. **Emergency Act Financial Implications** – *Supt Denis Beaudoin*

The onus is on the banks and the financial institutions to see if they're dealing with

We're meeting with sr executives with major 6 banks in the morning.
It allows us to share information with the banks, which normally we can't based on privacy acts.

Some gaps we've identified is:

We would be the conduit if the partners would want to send to the banks. The OPP has agreed and they were funneling the OPS information to the suspect.

We've started freezing assets. It is temporary, it's not a forfeiture order. Unless the investigation portion of this moves to seizing property.

How are the banks going to be able to un-freeze everything? That's the "worrious" portion of the act. We're dealing with this with the banks. Some discussions are happening that the person would have to go to an outside of the area branch to be able to make sure they are no longer in the area. We've asked the banks, although they don't have to report back to us, we've highlighted the officer safety concerns.

5. **Impact on Lawful Protest & Racialized Communities** – *A/Commr Dennis Daley*

Missed notes

6. **Roundtable/Provincial Issues** – *Everyone* (by division)

Sorab

National division is doing their own GSB command trying to work with OPP and OPS.

From a C&IP perspective, we're not trying to change too much. Continue to send the SitReps. If you have anything that's urgent and you need to do anything, contact myself and Dennis, like you normally do.

Keith Finn – a lot of conversation around local authorities – while the EA is in play at this time, we'll be leveraging the pre-existing tools.

Msg from Deputy Duheme: Any and all Federal Resources need to be identified to for deployment immediately.

Osana:

I was ODS. If there is a symopsis of this conversation that could be sent to me I would appreciate it.

I had an auto reply on but I think in all te tempo Insp. Smith did not make the meeting, nor did I.

Thanks.

Jeff
